Making door purchases easy for the trade

Packed full of our most popular door designs and commodity products, our Trade Essentials brochure is a quick and easy reference guide.

Check out our FD30 Glazing service, as well as the pre-assembled easy to install pocket door systems. Plus, we've also included our weather resistant External Extreme doors that are constructed with MEDITE®TRICOYA®EXTREME – pre-finished replacement exterior doors that can be fitted in a day!

Don't forget to ask your local merchant for details of our latest deals!

Colour Options paint service

Looking to paint your doors a different colour? Let us take the hassle away and arrange for your doors to be professionally spray painted.

Our White Classic, White Moulded and External Extreme range are suitable for this service – look out for the  icon.

Contact us with your preferred RAL Classic colour reference and we'll do the rest!

Subject to terms and conditions.

Size conversion chart

A little help if you need to work out the metric and imperial equivalent for door sizes.

Height & Width		
Metric (mm)	Imperial (inches)	Imperial (feet & inches)
1981 x 457	78" x 18"	6'6" x 1'6"
1981 x 533	78" x 21"	6'6" x 1'9"
1981 x 610	78" x 24"	6'6" x 2'0"
1981 x 686	78" x 27"	6'6" x 2'3"
1981 x 711	78" x 28"	6'6" x 2'4"
1981 x 762	78" x 30"	6'6" x 2'6"
1981 x 838	78" x 33"	6'6" x 2'9"
1981 x 915	78" x 36"	6'6" x 3'0"
1981 x 1067	78" x 42"	6'6" x 3'6"
1981 x 1168	78" x 46"	6'6" x 3'10"
1981 x 1220	78" x 48"	6'6" x 4'0"
1981 x 1372	78" x 54"	6'6" x 4'6"
1981 x 1524	78" x 60"	6'6" x 5'0"
2032 x 813	80" x 32"	6'8" x 2'8"
2134 x 915	84" x 36"	7'0" x 3'0"
2040 x 526	80 1/4" x 20 11/16"	6'8 1/4" x 1'8 11/16"
2040 x 626	80 1/4" x 24 5/8"	6'8 1/4" x 2'0 5/8"
2040 x 726	80 1/4" x 28 5/8"	6'8 1/4" x 2'4 5/8"
2040 x 826	80 1/4" x 32 1/2"	6'8 1/4" x 2'8 1/2"

Pocket Door Systems

Key features:

Fitted in half the time of other brands.

Designed for stud and plasterboard.

The internal pocket cavity is protected by a cover during installation.

Door is fitted after all installation and decoration has been completed, avoiding any potential damage to your door.

Door choice can be changed in the future without structural alteration to the wall.

Gives a finished wall thickness of 125mm.

Suits door thickness 35mm.

Maximum door weight 80Kg.

Compatible sliding door hardware available.

Available in single and double format.

Head to our YouTube channel at
www.youtube.com/c/JBKindLtd

Single Pocket Door

Single Pocket Door System

Code	Door Size (mm)	
	Width	Height
POCSYSSGL686	686	1981
POCSYSSGL762	762	1981
POCSYSSGL838	838	1981
POCSYSSGL915	915	1981

Double Pocket Door**

Double Pocket Door Conversion Kit*

Code	Single Door Size (mm)	
	Width	Height
DBLLEAFKIT686	686	1981
DBLLEAFKIT762	762	1981
DBLLEAFKIT838	838	1981
DBLLEAFKIT915	915	1981

See website for full sizing guide.

*For a double pocket door you will need to purchase two single pocket door systems and a double leaf conversion kit.
eg. 2 x POCSYSSGL686 and 1 x DBLLEAFKIT686

Door Grooving

The bottom edge of the door will need to be grooved to fit in the floor guide. If required, JB Kind's in-house joinery workshop can pre-groove doors prior to delivery, for a small charge.

Timber Accessory Kits

Accessory Kits are required to complete pocket door installation. Available in either white primed or varnished oak.

Single pocket door kit (shown in oak)
Includes: 2 x cover moulds with brush seals, header cover and jamb with seals

Double pocket door kit (shown as white primed)
Includes: 4 x cover moulds with brush seals and 2 x header covers

Finish	Door Size	Timber Accessory Kit Code
White primed	Single	SGLWPRIAC
White primed	Double	DBLWPRIAC
Oak varnished	Single	SGLVOAC
Oak varnished	Double	DBLVOAC

Additional Accessories

	Code
Soft close damper unit	SCDAMPER
Automatic door closer	ACLOSER
Double simultaneous operator	DBLSIMOP
Flush Door Pull Pack (satin stainless steel, includes 2 circular flush pulls and a round finger pull for the door edge)	CIRCPULL
Bathroom Door Hook Lock Pack (satin stainless steel, includes turn and release, hook latch, adjustable keep and finger pull)	CIRCBATHLOCK

Veneered Flush

What makes our Veneered Flush range great value?

Constructed with a full timber frame (unlike alternatives on the market) both our standard and FD30 🔥 veneered flush doors are manufactured to a higher standard, plus they are priced more competitively.

Veneered Flush Standard Door Construction

Veneered Flush FD30 🔥 Fire Door Construction

Pay less for a better quality product – a win win situation!

Superior construction at market beating prices. We're confident we can beat the price of lower quality alternatives.

Bespoke options:

FD30 glazing service, special sizes and alternative veneers are available to order.

See our in-house FD30 Door Glazing video at www.youtube.com/c/JBKindLtd

FD30 Glazing Service

Glazed FD30 & Part M (mobility) compliant options

Any of our Warringtonfire Certifire certificated flush door designs can be adapted into an apertured fire door. Our in-house service is prompt and economical, guaranteeing correct assembly. Flush doors with FD30 apertures must be supplied ready glazed to comply with our Certifire certification. Aperture cutting by a third party may invalidate the original door certification.

Part M Mobility

Building Regulations Part M dictates the requirements for glazed doors in specific locations. The diagram offers general guidance but for specific information, please check the Building Regulations.

More aperture dimensions are available, please contact us with your requirements.

Softwood Boarded Exterior

External boarded doors and gates, prepared ready to finish

Manufactured to a high standard, but not recommended for use externally where exposed to central heating on the inside.
It is essential these doors are thoroughly painted prior to exposure to the weather in accordance with our door care advice. Face knots should be sealed prior to painting to prevent resin bleed, which can result where exposed to ultra violet light. Screw or staple holes will need filling prior to decoration.

External Extreme Doors

Our External Extreme doors have revolutionised the replacement front door market!

Constructed with an exceptionally durable and dimensionally stable top layer of MEDITE®TRICOYA®EXTREME and sealed with a factory applied paint finish, ensuring that the doors can withstand all weathers – and to illustrate just how confident we are, we issue every External Extreme door with a 10 year guarantee!

All External Extreme doors are:

- Weather resistant
- Supplied with a 10 year guarantee
- Suitable for fitting in a day!
- Supplied with a weather bar
- Perfect for over painting

Colour Options paint service

Front door colours are very much a personal choice. External Extreme doors are supplied pre-finished in white but can be easily over painted, should you wish to achieve a specific colour.

Let us take the hassle away.

Tell us your preferred RAL Classic colour reference and we will arrange for your door to be spray painted with a quality exterior finish.

Traditionally used for cladding and facias, MEDITE®TRICOYA®EXTREME's hard-wearing and weather resistant properties make it perfect for use within the structure of external doors.

DURABLE
Longer lasting, perfect for external use.

LOWER MAINTENANCE COSTS
Extended periods between exterior coatings maintenance.

PERFECT FOR COATING
Improved stability and durability enhances service life of the coating. Damaged coating will not affect the core.

ENHANCED STABILITY
Swelling and shrinking dramatically reduced.

RESISTANT TO FUNGAL DECAY
Effective barrier to fungal decay.
