

Glazed FD30 & Part M (mobility) compliant options

Any of our flush door designs can be adapted into an apertured fire door. Our in-house service is prompt and economical, guaranteeing correct assembly. Flush doors with FD30 apertures must be supplied ready glazed to comply with our accreditation. Aperture cutting by a third party may invalidate the original door certification.

Do you need FD30 glazing? Call us for details on
Tel: 01283 554197

Part M Mobility

Building Regulations Part M dictates the requirements for glazed doors in specific locations. The diagram offers general guidance but for specific information, please check the Building Regulations.

Please check current building regulations

Type 1G

Type 8G

Type 10G

Type 11G

Type 12G

Type 20G

Type 30G

More aperture dimensions are available, please contact us with your requirements.
