

TRADE ESSENTIALS

Making door purchases easy for the trade

Packed full of our most popular door designs and commodity products, our Trade Essentials brochure is a quick and easy reference guide.

Check out our FD30 Glazing service, as well as the pre-assembled easy to install pocket door systems. Plus, we've also included our weather resistant External Extreme doors that are constructed with MEDITE®TRICOYA®EXTREME – pre-finished replacement exterior doors that can be fitted in a day!

Don't forget to ask your local merchant for details of our latest deals!

For more information, call JB Kind's Sales team on **Tel: 01283 554197** or log on to **www.jbkind.com**

Follow us on social media

For inspirational ideas, news and much more.

Instagram - be inspired by #realhomes that have fitted our doors and don't forget to share photos of your projects by tagging us in at #jbkinddoors.

Did you know that we have lots of helpful product and 'how to' videos on YouTube?

DOOR HANDLE PACKS

Door Handle Latch Packs are the perfect partner for your JB Kind doors

Enjoy the convenience of a stylish door handle latch pack, supplied with everything that you need to fit your door in one box. Each pack comes with a pair of handles, a latch, a keep and three quality ball bearing hinges.

Check out our chrome handle packs, as they come with a time saving SmartLatch. This innovative latch can be **quickly installed in less than 5 minutes**, saving tradesmen up to 25 minutes per door. This time-saving advantage is a real plus point, as less cutting out of the door is required.

NEW Raven Copper
Copper finish

Standard latch pack RAVCULP
Privacy latch pack RAVCUPP

Raven Black
Black matt finish

Raven Black
Standard latch pack RAVLPP
Privacy latch pack RAVPPP

*Raven handle packs do not include a smart latch.

Smartlatch: Fit in under five minutes

Step one: Using a 25mm drill bit, bore out to 75mm in depth.

Step two: Using the same bit, drill the hole for the spindle.

Step three: Then simply insert the latch.

Step four: Fit handles.

Each pack contains

POCKET DOOR SYSTEMS

Key features:

Fitted in half the time of other brands.

Designed for stud and plasterboard.

The internal pocket cavity is protected by a cover during installation.

Door is fitted after all installation and decoration has been completed, avoiding any potential damage to your door.

Door choice can be changed in the future without structural alteration to the wall.

Gives a finished wall thickness of 125mm.

Suits door thickness 35mm.

Maximum door weight 80Kg.

Compatible sliding door hardware available.

Available in single and double format.

Single Pocket Door

Single Pocket Door System

Code	Door Size	
(mm)	Width	Height
POCSYSSGL686	686	1981
POCSYSSGL762	762	1981
POCSYSSGL838	838	1981
POCSYSSGL915	915	1981

Double Pocket Door*

Double Pocket Door Conversion Kit*

Code	Single Door Size	
(mm)	Width	Height
DBLLEAFKIT686	686	1981
DBLLEAFKIT762	762	1981
DBLLEAFKIT838	838	1981
DBLLEAFKIT915	915	1981

See website for full sizing guide.

*For a double pocket door you will need to purchase two single pocket door systems and a double leaf conversion kit.

eg. 2 x POCSYSSGL686 and 1 x DBLLEAFKIT686

Door Grooving

The bottom edge of the door will need to be grooved to fit in the floor guide. If required, JB Kind's in-house joinery workshop can pre-groove doors prior to delivery, for a small charge.

Timber Accessory Kits

Accessory Kits are required to complete pocket door installation. Available in either white primed or varnished oak.

Single pocket door kit (shown in oak)

Includes: 2 x cover moulds with brush seals, header cover and jamb with seals

Double pocket door kit (shown as white primed)

Includes: 4 x cover moulds with brush seals and 2 x header covers

Finish	Door Size	Timber Accessory Kit Code
White primed	Single	SGLWPRIAC
White primed	Double	DBLWPRIAC

Flush Door Pull Pack (satin stainless steel, includes 2 circular flush pulls and a round finger pull for the door edge)	CIRCPULL
Bathroom Door Hook Lock Pack (satin stainless steel, includes turn and release, hook latch, adjustable keep and finger pull)	CIRCBATHLOCK

What makes our Veneered Flush range great value?

Constructed with a full timber frame (unlike alternatives on the market) both our standard and FD30 veneered flush doors are manufactured to a higher standard, plus they are priced more competitively.

Veneered Flush Standard Door Construction

Veneered Flush FD30 Fire Door Construction

Pay less for a better quality product – a win win situation!

Superior construction at market beating prices. We're confident we can beat the price of lower quality alternatives.

Bespoke options:

FD30 glazing service, special sizes and alternative veneers are available to order.

See our in-house FD30 Door Glazing video at www.youtube.com/c/JBKindLtd

FD30 GLAZING SERVICE

Glazed FD30 & Part M (mobility) compliant options

Any of our Warringtonfire Certifire certificated flush door designs can be adapted into an apertured fire door. Our in-house service is prompt and economical, guaranteeing correct assembly. Flush doors with FD30 apertures must be supplied ready glazed to comply with our Certifire certification. Aperture cutting by a third party may invalidate the original door certification.

Part M Mobility

Building Regulations Part M dictates the requirements for glazed doors in specific locations. The diagram offers general guidance but for specific information, please check the Building Regulations.

Please check current building regulations

More aperture dimensions are available, please contact us with your requirements.

SOFTWOOD BOARDED EXTERNAL

External boarded doors and gates, prepared ready to finish

Manufactured to a high standard, but not recommended for use externally where exposed to central heating on the inside. It is essential these doors are thoroughly painted prior to exposure to the weather in accordance with our door care advice. Face knots should be sealed prior to painting to prevent resin bleed, which can result where exposed to ultra violet light. Screw or staple holes will need filling prior to decoration.

EXTERNAL EXTREME

Our External Extreme doors have revolutionised the replacement front door market!

Constructed with an exceptionally durable and dimensionally stable top layer of MEDITE®TRICOYA®EXTREME and sealed with a factory applied paint finish, ensuring that the doors can withstand all weathers – and to illustrate just how confident we are, we issue every External Extreme door with a 10 year guarantee!

All External Extreme doors are:

- Weather resistant
- Supplied with a 10 year guarantee
- Suitable for fitting in a day!
- Supplied with a weather bar
- Perfect for over painting

Recommended by Roger Bisby,
see installation video at
www.youtube.com/c/JBKindLtd

Traditionally used for cladding and facias, MEDITE®TRICOYA®EXTREME's hard-wearing and weather resistant properties make it perfect for use within the structure of external doors.

DURABLE
Longer lasting, perfect for external use.

SUSTAINABLY SOURCED
FSC® Certified. Wood used from sustainable sources.

LOWER MAINTENANCE COSTS
Extended periods between exterior coatings maintenance.

PERFECT FOR COATING
Improved stability and durability enhances service life of the coating. Damaged coating will not affect the core.

RESISTANT TO FUNGAL DECAY
Effective barrier to fungal decay.

ENHANCED STABILITY
Swelling and shrinking dramatically reduced.

Colour Options Paint Service

All the colours of the spectrum

Make a style statement by painting your doors any colour you like!

Painting doors can be fiddly and time consuming, so let us take the hassle away and arrange for your doors to be professionally spray painted prior to delivery. All you have to do is tell us your preferred RAL Classic colour and we will do the rest.

Our White Moulded grained doors are suitable for this service – look out for the icon as you browse through the brochure.

For a perfect finish...

Applying a quality finish to your internal doors ensures their long term appearance and performance.

We recommend the following finishing products that have been tested on our unfinished oak internal doors with excellent results.

Please refer to www.mannsuk.com for more information and to purchase these products directly.

MANN'S

Clear, water based varnish that is available in 4 sheen levels.

All-in-one natural hard wax oil that dries to a natural, clear matt finish.

Door size conversion chart:

A little help if you need to work out the metric and imperial equivalent for door sizes.

Height & Width

Metric (mm)	Imperial (inches)	Imperial (feet & inches)
1981 x 457	78" x 18"	6'6" x 1'6"
1981 x 533	78" x 21"	6'6" x 1'9"
1981 x 610	78" x 24"	6'6" x 2'0"
1981 x 686	78" x 27"	6'6" x 2'3"
1981 x 711	78" x 28"	6'6" x 2'4"
1981 x 762	78" x 30"	6'6" x 2'6"
1981 x 838	78" x 33"	6'6" x 2'9"
1981 x 915	78" x 36"	6'6" x 3'0"
1981 x 1067	78" x 42"	6'6" x 3'6"
1981 x 1168	78" x 46"	6'6" x 3'10"
1981 x 1220	78" x 48"	6'6" x 4'0"
