Fully compliant PAS 24 Security Doorsets

PAS 24 fire resistant flat entrance door sets

We hold our own PAS 24 Enhanced Security and Certifire certification, having developed and tested a fully compliant door leaf. You can be assured that your doorsets will be manufactured to the highest quality – observing and adhering to the most recent performance and legislative requirements.

Everything is covered with a JB Kind PAS 24 Security Fire Doorset

- ✓ PAS 24 Enhanced Security
- ✓ Certifire approved EI30 fire doors
- ✓ Acoustic rated
- ✓ Smoke control tested
- ✓ Fully assembled flat entrance doorsets
- ✓ Certified ironmongery with optional extras
- ✓ Flexible design and finish options
- ✓ Standard and bespoke sizes
- ✓ Matching interior doorsets

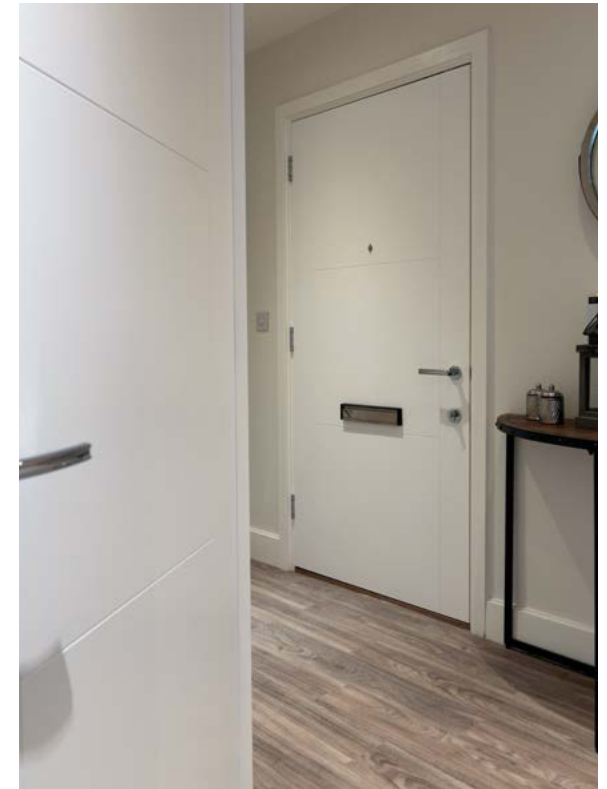

Suitable for flat and apartment entrances, JB Kind's PAS 24 security fire doorset service is tailored to each project's specific requirements. Door design choices are flexible with a selection of veneered, painted and primed finishes, available as plain flush or with various grooved design options.

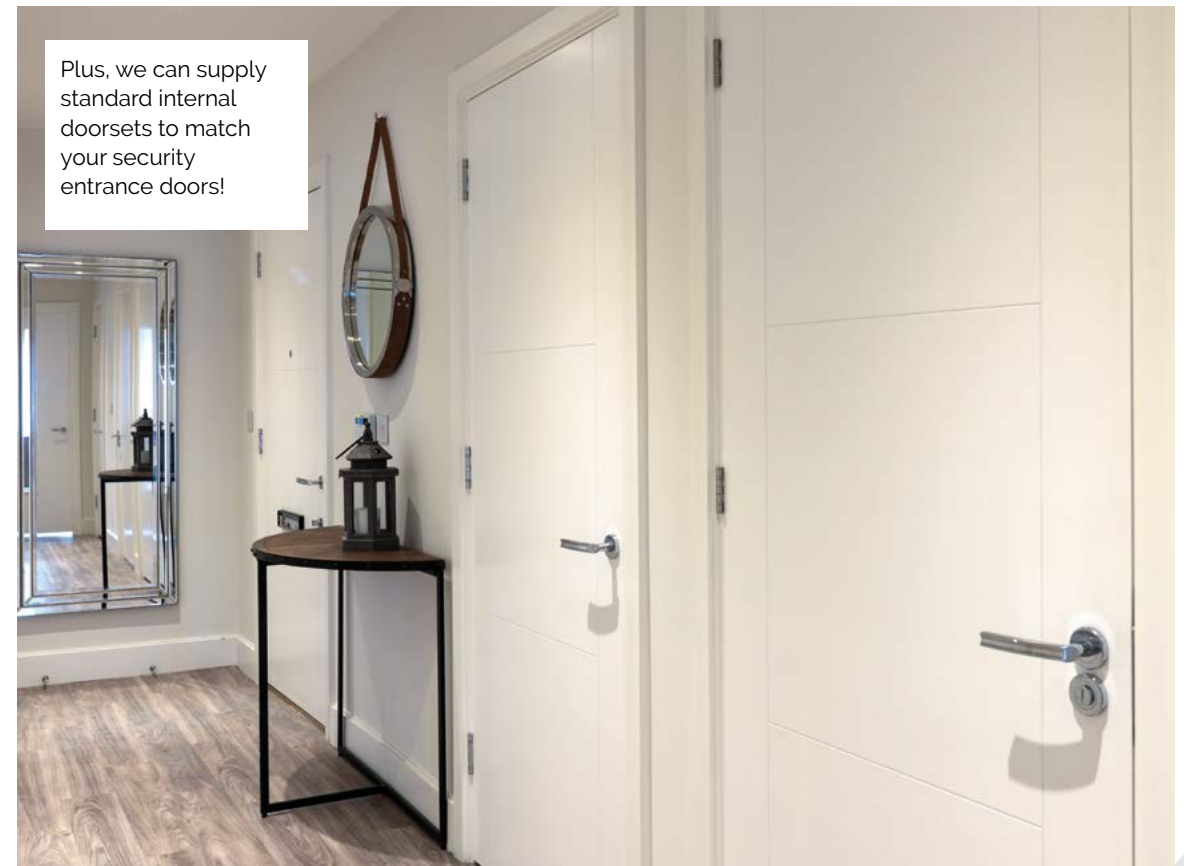

All fire doors are third party Certifire approved by Warringtonfire with a fire rating of 30 minutes, EI30. As an additional benefit, the doorsets have also been successfully tested for both acoustic and smoke control.

The PAS 24 security fire doorsets are supplied pre-hung, complete with high quality fully tested ironmongery.

If you have an enquiry or would like to find out more about JB Kind's PAS 24 Security and/or Internal Doorset services please visit jbkind.com or contact our Sales team on **01283 554197** or info@jbkind.com.

Plus, we can supply standard internal doorsets to match your security entrance doors!

FAQs

Here are some of the most frequently asked questions we receive regarding our PAS 24 Security Doorsets.

Have a question that isn't listed? Please get in touch at info@jbkind.com

Q: What is a PAS 24 FD30 Security Doorset?

A: A PAS 24 FD30 Security doorset is a fully compliant entrance door that is pre-hung within its frame, complete with ironmongery. Every component has been fully tested to comply with security standards, as well as successfully achieving a 30 minute fire rating. In some cases, a PAS 24 doorset may also have been tested for smoke and acoustic control.

Q: Who is JB Kind's PAS 24 Security Doorset service suitable for?

A: JB Kind's PAS 24 door leaf product is ideal for Doorset manufacturers to use in their own doorset designs. The full PAS 24 Security Doorset service is perfect for Developers, Architects and Specifiers, planning and designing flat or apartment projects.

Q: What are the core criteria required to achieve PAS 24 accreditation?

A: We're pleased to confirm that JB Kind's fire resistant security doorsets ✓ the box and meet all 4 of the core standards below.

- ✓ PAS 24: 2016 Enhanced Security performance test for doorsets
- ✓ Fire test to EN 1634 part 1
- ✓ Acoustic test to BS EN ISO 10140
- ✓ Smoke control test to BS EN 1634 part 3

Q: How are JB Kind's PAS 24 Security Doorsets supplied?

A: Fully assembled and pre-hung, complete with high quality fully-tested ironmongery. There are plenty of optional extras too, for example: letter plates, door knockers and eye viewers.

Q: What door designs are available as PAS 24 Security doorsets?

A: You can choose from a selection of veneered, painted and primed finishes, either as plain flush or with a number of grooved design options.

Q: What fire rating does your PAS 24 Security door have?

A: All our PAS 24 Security Fire Resistant doorsets are third party Certifire approved by Warringtonfire, with a fire rating of 30 minutes, EI30, and as an additional benefit, they have also been successfully tested for both acoustic and smoke control.

Q: What size options are available for your PAS 24 Security doors?

A: JB Kind's PAS 24 doors are available in standard and bespoke sizes, up to a maximum leaf dimension of 2040mm x 926mm

Q: Is it possible to match PAS 24 Security Entrance doors with internal doors?

A: Yes, matching internal doorsets can be supplied so that you can suite door designs throughout your project.

Certificated Fire Doors
