

# Urban Industrial doors – Invest in better quality!

Designed for the home, JB Kind's Urban Industrial door range has been constructed with quality and practicality in mind. Built with durable panels and individual panes of glass, ensures a more robust product that can be fitted with standard ironmongery.

	Urban Industrial – JB Kind Doors	Alternative products
<b>Finish</b>	Pre-finished in black or white and ready to fit 	Check the finish as some are only primed, requiring a top coat of paint 
<b>Glazed doors</b>	Constructed with individual panes of glass which makes the doors structurally more robust 	Less robust, as constructed with a single pane of glass onto which the profile bars are fixed 
<b>Solid doors</b>	Constructed with robust <b>9mm</b> MDF panels	Less robust, as constructed with <b>5mm</b> MDF panels
<b>Lock blocks</b>	Solid lock blocks, so easy to fit ironmongery 	Not constructed with solid lock blocks, so there is a risk of drilling into glass 
<b>Ironmongery</b>	Can be fitted with <b>regular</b> handles, latches and hinges, so more cost effective	Require <b>specialist</b> ironmongery
<b>Trimming</b>	10mm trimming allowance at bottom of all doors 	No trimming allowance
